

# EPR Projectathon 2019 @ IHE Connectathon Rennes: Practical Information for Participants

## Dear all

Today (30.11.2018), the registration for the [European IHE Connectathon](#) in Rennes opened. As last year in The Hague, the Swiss EPR Projectathon will be a guest of the Connectathon. We provide you hereby with the most important information.

## Dates

The IHE Connectathon takes place from April 8 to 12, Monday morning to Friday noon. The Swiss EPR Projectathon will happen during the same dates in the same venue. Registration will close on Januar 26<sup>th</sup>, 2019. Be quick, space is limited!

## Registration procedure

You can register directly for the EPR Projectathon via this link: <https://ehealthsuisse.ihe-europe.net/gazelle/home.seam>. An additional registration for the IHE Connectathon is needed in case you want to test at the Connectathon as well. Be aware that the two systems of EPR Projectathon and IHE Connectathon will be completely separated. You will only see the participants of the event you have registered for.

## Fees

eHealth Suisse will cover the fees for one participating Swiss EPR system per vendor (4700 Euro per system) and the according participant fees (600 Euro per person, in maximum two participants). Extra systems, extra participants and other costs as hotel or transportation are not covered.

## Invoice

The registration will be managed in Gazelle by IHE Europe Services who are mandated by eHealth Suisse for the general contracting and invoicing. Please follow the invoice instructions in your participation contract in order to assure your invoice will be covered by eHealth Suisse.

## Webinars

Learn more on the EPR Projectathon @ Rennes in several webinars hosted by IHE Services Europe, starting next week:

- Friday December 7<sup>th</sup>, 3-4 pm: Webinar on Opening registration process, Link: <https://global.gotomeeting.com/join/229680445>
- Friday January 11<sup>th</sup>, 1-2 pm: Webinar on Registration process, Link: <https://global.gotomeeting.com/join/447848229>
- Friday March 8<sup>th</sup>, 1-2 pm: Webinar on Pre-Projectathon-Tests, Link: <https://global.gotomeeting.com/join/276528829>

### Available tests and tools

All EPR profiles and specs will be testable. Note: Not all tools will be available at the same time, therefore you can register supported actor/profiles stepwise whenever they are ready. Remember the overview at [www.e-health-suisse.ch/specs](http://www.e-health-suisse.ch/specs) and the [list of the last EPR Projectathon](#).

### Testing

The focus of testing will lie on Peer To Peer and Group testing of the EPR profiles. Testing with the central governmental services of BIT and ZAS is available.

### Practicalities

Registration to the EPR Projectathon in Rennes includes lunch. The accommodation and other meals are in the responsibility of the participants. The [IHE Connectathon Website](#) provides more information about the event.

### Questions?

Ask them in the [Googlegroup](#) or directly via email to [eHealth Suisse](#).
